

## CONGER'S FRIENDS ARE ALARMED

**Kempff Cables That Peking Foreign Legations Are Still Lost.**

## NO NEWS FROM THEM

**False News Sent Out from Chinese Sources for Some Unknown Reason.**

## THE VERY WORST IS FEARED

Washington, June 29.—[Special Telegram]—The following dispatch from Kempff was received this morning: "The Peking relief expedition is now in Tien Tsin with two hundred sick and wounded. The foreign ministers and ambassadors and the Peking party are not with them. No news of them."

Discredit Chinese Reports  
Kempff's message formed the basis of a cabinet discussion. It discredits Minister Wu and the six great viceroys of China as reliable sources of information. The suspicion that the dispatches from the Chinese officials yesterday were made encouraging for a purpose, has become a practical certainty. The question now giving the most concern is, what has become of the Peking legations?

The dispatches yesterday, announcing the safety of the Peking ministers and ambassadors, came from Chinese sources and there is no doubt but what there was a deliberate attempt to deceive the whole world. The object is not known.

Conger's Friends Alarmed.  
Friends of Minister Conger, the United States representative, are very much alarmed. On account of the systematic course of deception in this matter, and the numerous false reports of safety, the very worst is feared among the officials here.

If it should turn out that all the foreign representatives in Peking have been murdered. There will be some quick work in China, not at all pleasant to the present dynasty.

Efforts to Protect Foreigners.  
Paris, June 29.—[Special Cablegram]—Viceroy Yuan cables the foreign office that he has decapitated the instigator of the anti-foreign riots at Yunnan on June 7.

London, June 29.—[Special Cablegram]—A dispatch from Hongkong says the Viceroy of Kwang provinces has called out the Chinese militia to protect foreigners.

## CONFIRMATION OF ALL FEARS

No News About Situation of Foreign Ministers at Peking.

Chefoo, June 28, via Shanghai, noon.—Admiral Seymour's expedition has been relieved, having failed to connect with Peking. Russian Colonel Schelle, commanding the combined forces of 10,000 men, is supposed to be proceeding to Peking. Admiral Seymour's expedition is returning to Tien-tsin. It is estimated that from 40,000 to 60,000 Chinese troops are now before Peking. Boxers from all sections are swarming there.

London, June 29.—The news that Admiral Seymour's column has been relieved, having failed to reach Peking, has brought with it confirmation of the worst fears for the ministers at the capital. Seymour's men caught several Chinese, who said the legations had been burned and the ministers killed. Others said that the ministers had been imprisoned.

A dispatch from Shanghai says: "It is asserted here that Liu, the viceroy of Nankin, has received instructions from Peking to inform the foreign consuls here immediately that the legations at Peking have been arranged peace terms." In the house of lords the premier, Lord Salisbury, referring to the relief of Vice-Admiral Seymour, said he knew nothing of the position of Sir Claude MacDonald, the British minister to China, or of the members of the other legations in the country. He thought, however, there was ground for hoping that no violence had been done them, but even that, he added, could be stated only hypothetically.

A telegram from Jardine, Mattheson & Co., Shanghai, suggests that the ministers are still at Peking, but admits that there is no news from the capital. The telegram adds: "Seymour arrived at Tien-Tsin with 312 of his force wounded, besides sixty-two killed. The damage done to Tien-Tsin has been much exaggerated. Shanghai is quiet."

Confirms News of Massacres.  
Other dispatches from Shanghai reiterate the announcements of the massacres of native Christians in the in-

land districts which rival the Armenian horrors. The officials at the places watched by gunboats make a show of protecting the missionaries, but there is not even a pretense of protection for the converts in the interior, who have been butchered by the wholesale.

## BURIAL OF STEPHEN CRANE

Remains of Well Known Author Laid in the Grave.

New York, June 29.—The funeral of Stephen Crane, the author, who died at Badenweiler, Germany, June 5, and whose body arrived in this city yesterday by the steamship Bremen, took place this morning services being held in the Metropolitan temple, Seventh avenue and Fourteenth street. Rev. James M. Buckley, editor of the Christian Advocate and a life-long friend of the Crane family, was in charge of the church ceremonies. The body was in a casket at the head of the main aisle during the morning. Afterward it was taken to Evergreen cemetery in Elizabeth, N. J.

Went to Sleep on the Bank  
Beloit, Wis., June 28.—Parties organized to drag the river last night to search for the body of the little son of B. A. Oliver, who it is thought had drowned while swimming. The little fellow had gone to sleep on the bank.

## LEPROSY AMONG IDAHO VOLUNTEERS

Returned Soldiers from Philippines Contract the Dread Disease—Four Cases Develop at Boise.

Boise City, Idaho, June 29.—Leprosy has broken out among the Idaho volunteers returned from the Philippines, according to a report made to the state health authorities. Great secrecy is maintained as to names and details.

It is known, however, that four cases are being looked into, and that one of these is beyond question leprosy. The victim is the son of an Episcopal clergyman in Blaine county and is now isolated in the mountains near Wood river. He lives in a cabin and nobody sees him except the members of his family, who take him food and other supplies. It is said that his face is a study in a horrible condition and that his voice is affected. The other cases are not so bad.

If it is found that these four young men have genuine leprosy a leper colony will be formed. Another plan that has been suggested is to send them to the Utah leper colony. This is near Logan, Utah, and is made up of Hawaiians converted by Mormon missionaries.

The Idaho volunteers were exposed to leprosy over a year ago when they were campaigning against the Filipinos. Several of these soldiers recklessly exposed themselves, declaring at the time that there was no danger to white men, but the tropical climate and the insufficient, often half-patrid, food that they were forced to live on did its work. No symptoms developed, however, until after the return home.

## CAMERA FIENDS ANNOY ROOSEVELT

Invade His Private Grounds and Take Snapshots at His Children in Bathing.

New York, June 29.—Governor Roosevelt was perhaps angrier yesterday than ever before in his life. Camera fiends and country sightseers invaded his place at Sagamore Hill and drove the candidate for the vice presidency almost frantic. He did not mind people coming up the hill and tramping down his lawns and overrunning the spacious piazzas of his residence. In fact, he took it good-naturedly. But whenever he popped his head out of a window or came around a corner, click went the shutter of a lightning camera. There were hundreds of them.

The persons, not content with snapping the governor followed Mrs. Roosevelt about the place and made the Roosevelt children targets for their instruments.

When the children went bathing a small army of amateur and professional photographers pursued them to the bay and snapped their instruments at them. When they returned to Sagamore Hill they were still followed by the photographers and were asked to "look please at" while they played on the lawns.

As the day progressed Governor Roosevelt became more and more angry; at last he said to the newspaper correspondents:

"I regard this as gross vulgarity. If they try it again I will surround my grounds with men to keep all strangers off. If necessary I will take legal steps to prevent it."

Governor Roosevelt left Oyster Bay on the first stage of a journey to Oklahoma City at 8:50 this morning. He will come direct to this city, where at the Fifth Avenue Hotel he will confer with Senator Platt and Benjamin B. Odell, the chairman of the state committee.

Benjamin H. Snell Hanged  
Washington, June 29.—[Special Telegram]—Benjamin H. Snell was hanged today at 12 o'clock. His neck was broken. Snell, a giant in stature, cut the throat of Lizzie Weisenberger, in August last, because she moved from his house, where she was employed as a domestic. Her parents said Snell took liberties with the child.

## REVELRY RIFE IN MILWAUKEE TODAY

GRAND ELECTRIC SPECTACLE CHEERED BY THOUSANDS.

Fire Run, Automobile Parade and Pageant Features of Yesterday's Carnival Program—Merrymakers Indulge in Frolics on the Street—Some Gay Scenes.

Milwaukee, Wis., June 29.—The electric pageant last night was the most brilliant and gorgeous spectacle ever seen here and as float after float passed along on the car tracks, propelled and lighted by electricity the crowds cheered again and again. Almost the entire population saw the parade and added to this multitude were the thousands of strangers in the city. After the parade the downtown streets were given over to throngs of merry-makers who threw confetti, blew horns and indulged in every form of harmless folly known to carnival celebrations.

The Parade Blew Up.  
At 10:30 o'clock the parade blew up. This was caused by the breaking of a trolley wire at the corner of East Water and Mason streets. As the end of the live wire struck the rail there was a series of blinding flashes, accompanied by deafening explosions. It was the most brilliant and thrilling event, and the dense crowd was panic stricken in an instant. A stampede followed, but it was quickly checked by the police. A fire alarm was turned in and the engines came dashing into the dense crowd. No one was injured.

Fire Department Shows Off  
The features of the afternoon were the fire run, in which nearly the entire Milwaukee fire department took part, and the automobile parade. The fire run was an exciting spectacle and was witnessed by dense crowds, that lined Grand avenue and Wisconsin street for over a mile. The start was at the top of a long hill in Grand avenue, and down this incline came hose carts, engines and hook and ladder trucks, and everything else on wheels that goes to make up a fire department, in a hurricane rush. The pieces came down two abreast, Chief Foley leading the flying column with his big bay pacer in a mad gallop.

Automobile Parade Follows  
The automobile parade was the first ever seen in this city, and the vehicles that slipped by were the first that hundreds of the out-of-town visitors had set eyes on. With rubber tires, moving softly as a cat on a velvet carpet, this parade was the antithesis in movement to the clanging, rousing fire run that preceded it.

Carnival Closes Today  
Today there will be a grotesque and humorous parade in the afternoon, and a period of general frolicking on the Corso afterward. The carnival concludes in the evening with a festival at the Deutscher and Calumet clubs grounds.

Green Bay, June 29.—It is expected that the inquest over the victims of the De Pere wreck will be completed tomorrow.

## BADGERS DRAW THE BEST COURSE

Boat Crew Continues Its Light Practice at Poughkeepsie—The Men Taking on Weight.

Poughkeepsie, N. Y., June 29.—Wisconsin continued its light work today instead of morning practice a two-mile walk was taken to sharpen the appetite, as Coach O'Den did not dare risk working the crews hard, as any further reduction in weight would impair the strength of the men. Since Monday, the Varsity men have picked up an average of two pounds apiece, when the danger line was clearly near.

Last night the courses were drawn and luck was all Wisconsin's. The courses are numbered from first shore out. In the Freshman race Pennsylvania drew course one, Columbia two, Wisconsin three, Cornell four. In the Varsity Cornell drew one, Pennsylvania two, Georgetown three, Wisconsin four and Columbia five. Course four is undoubtedly the best as it is free from the swirls near the pier and having as good a current as any.

## ILLINOIS PLATFORM TO BE THE MODEL

MENTION OF SILVER WILL NOT BE MADE AT KANSAS CITY.

Bryan Said to Favor the Document Issued at Springfield—To Please the Gold Men—Sulzer is Out After the Vice Presidential Nomination.

Lincoln, Neb., June 29.—It is stated in democratic circles here today that the platform adopted by the Illinois democratic convention will be taken as a model for the platform at Kansas City. The Illinois declaration indorses "in whole and in part, in letter and in spirit, the national platform of '96." At the same time it contains no specific reference to the coinage question or the ratio.

Mr. Bryan has been sounded, and it is said he has signified his willingness to run on a platform like that adopted at Springfield, Ill. The argument is advanced that such a plank would conciliate the gold democrats of the east, who view a pointed declaration for free silver with distaste and who, if such a plank is modeled after that at Springfield, will apply themselves with the democracy this year.

Such a platform, Mr. Bryan's intimate political associates say, would not be equivocation on his part, but would be a simple recognition that there are more important issues this year than the money question, and it would pave the way for democratic harmony and success at the polls.

Chief interest today in the circle of William J. Bryan's immediate friends centers about the intended conference between the democratic leader and Congressman Sulzer and also that on Saturday when Richard Croker and ex-Senator Murphy will call. Mr. Sulzer is expected to arrive in Lincoln about noon and it is understood that he will be Mr. Bryan's personal guest. Mr. Bryan says if Mr. Sulzer's visit is intended as anything more than a friendly call he is ignorant of it.

Masses, Croker and Murphy will also be guests at the Bryan home and concerning their aims the expectant host is as silent as he is in reference to Mr. Sulzer. Democratic leaders here believe that the two will urge Mr. Bryan to make his influence felt on behalf of some Eastern democrat for the vice presidency preferably one from New York.

Mr. Bryan today gave his final answer to the Kansas City gentlemen who have been urging him to attend the convention. He positively refuses to attend. His only visitor today from outside the state was Mr. McCraney of Sacramento, Cal., who is on his way to the convention.

## LA FOLLETTE GETS OCONTO DELEGATES

He Also Makes a Clean Sweep in West Superior—Republican County Convention Dates.

Oconto, Wis., June 29.—The republican convention convened at the court house yesterday afternoon and was largely attended. It was very enthusiastic and harmonious and the sentiment was overwhelmingly LaFollette.

The nomination of delegates was short and decisive, the eleven state delegates being instructed for Robert M. LaFollette for governor.

LaFollette Sweeps Superior.

West Superior, Wis., June 29.—LaFollette carried every precinct in the county but two last night. The conventions in two Assembly districts today will be practically unanimous. Scofield made a bitter fight. The Sixth Seventh and Fifth wards were close.

New York, June 29.—Abraham Fischer, A. D. Wolmarans and C. R. Wesels, the Boer delegates to this country, sailed for Havre yesterday on the French line steamship L'Aquitaine. They were accompanied to the pier by a crowd of the Transvaal sympathizers living in New York. Just before sailing the delegates were notified by cable that a committee of Frenchmen would meet tomorrow at Havre. Montagu White was also a passenger on L'Aquitaine.

## PAYNE AND HANNA CONFER

Talk Over Plans for Conducting the Coming Campaign.

Cleveland, Ohio, June 29.—Henry C. Payne of Wisconsin arrived here yesterday and spent the afternoon with Senator Hanna at the latter's suburban home—Glenmore. Plans for the coming campaign were discussed at length. Although the members of the national executive committee were probably decided upon at the conference, their names will not be made public for at least a week or ten days.

Mr. Payne, it is understood, will be in direct charge of the Chicago headquarters, and Chairman Hanna will divide his time between the New York and Chicago headquarters.

Mr. Payne, who is accompanied by his wife, left for Chicago at 10:30 last evening.

## HENDERSON IS RENOMINATED

## MAY BE UNDER BARN

Three Persons Missing After a Storm—Building Blown Down by High Wind.

Merrillan, Wis., June 29.—One of the heaviest wind and hail storms that has visited this country for years passed over here yesterday. Hail fell the size of walnuts, and for half an hour the storm continued. West of this place grain was leveled to the ground; shade trees were uprooted and delayed traffic; several large barns were blown flat and in one of these three persons are supposed to be. Several persons were hurt by flying debris. Grain in some places is reported to be totally destroyed.

## BIG STEEL MILLS WILL ALL CLOSE

Employees and Employers Unable to Make an Agreement on the Wage Scale For Next Year.

Milwaukee, June 29.—All the principal iron mills of the country will close down Saturday night by reason of the failure of employers and employees to reach an agreement on the scale of wages to apply for the coming year. George L. Reis, superintendent of the Bay View mills of the Illinois Steel company, returned last night from a conference between the Amalgamated Association of Iron & Steel Workers' Executive committee and Conference board of the National Mill Operators' association, at Detroit, and he said that no agreement was reached at the meeting. However, he did not consider the situation a necessarily serious one.

"In the meantime," Mr. Reis said this morning, "the mills in the principal cities of the country including those in Bay View will shut down on Saturday night as that is the date upon which the present scale expires. I understand that the Amalgamated association's Executive committee and the Tinplate association are holding a meeting in New York today to discuss phases of the scale."

## END OF CHICAGO'S INDUSTRIAL WAR

Building Trades Council to Go Out of Existence—Thousands of Men to Go to Work.

Chicago, Ill., June 29.—The Building Trades' council will pass out of existence practically tonight. It will adjourn sine die and the end of Chicago's great industrial war, which has kept thousands of men idle for more than five months, will have been reached.

This was the assertion made today by a leading official of the council and before night it was accepted generally as true that a proposition looking to a quasi dissolution of the central body would be made at tonight's meeting and the consensus of opinion was that it would be adopted.

This was the latest turn in affairs, largely the result of the action of the bricklayers' union in withdrawing from the council.

## FUNERAL OF MRS. CASSODY

Many People Follow Casket to the Grave at Madison.

Madison, Wis., June 29.—The funeral of Mrs. J. B. Cassody, wife of the chief justice of the supreme court, was held yesterday afternoon. There was a large gathering of sorrowing relatives and friends at the Cassody home, where the funeral services were held. The Rev. E. G. Updike of the Congregational church conducted the services. The pallbearers were: George W. Wheelock of South Bond, Ind., and Carl A. Johnson of Madison, son-in-law of the deceased and Dwight B. and Robert K. Coe of Whitewater and David J. Jeffris and Frank H. Jackson of Janesville, all nephews of the deceased. The burial was at Forest Hill cemetery, near the western limits of the city.

GEORGE DOWDER is visiting in the city.

## NO ENTHUSIASM AT KANSAS CITY

Uncertainty as to the Vice Presidency and Convention Chairmanships

## SULZER'S BOOM GROWS

Decorations and Hall Ready for the Arrival of the State Delegations.

## TAMMANY HAS NO CANDIDATE

Kansas City, June 29.—[Special Telegram]—With the opening of the democratic national convention but a few days away, little is known of the program for organization. Several names are mentioned for temporary chairman but no one seems to know who will be the permanent chairman.

The same uncertainty exists as to the vice presidency. Sulzer's boom is here but it is not large. Shively of Indiana, and Towne of Minnesota, are spoken of in a desultory fashion, but there is no genuine enthusiasm anywhere.

The convention may last but two days if Bryan is nominated on the evening of the fourth.

All decorations are being put in order today and everything will be ready for the arrival of the delegations expected tomorrow and Sunday.

The silver republicans meet Wednesday with Teller of Colorado temporary and Judge J. L. Brown of Ohio, permanent chairman. Their first business will probably be the appointment of a committee to confer with the democrats on the vice-presidency.

Want a New York Man

"New York man for vice president," is the cry that grows louder and louder in the democratic national convention's vanguard. Coupled with it in a less vehement strain is the name of Congressman William Sulzer. His boomers are the first on the ground and today his stock is in the ascendant.

His success depends upon two things—the will of William J. Bryan and the attitude of the New York delegation. His backers say that the fact that he has been summoned by Mr. Bryan to Lincoln for a conference argues well for his chances. As to his standing with the New York delegation, they point to the well-known friendship between him and Richard Croker, and predict that if Mr. Bryan says the word even the Hill men in the delegation will rally to his support.

No one here, by the way, pretends to explain the talk about David B. Hill as Mr. Bryan's running mate. Western democrats say that his announced intention of coming to Kansas City for the purpose of trying to secure a modification of the platform is sufficient to take him out of the vice presidential race.

Tammany Has No Candidate

New York, June 29.—Richard Croker will start for Kansas City tonight, leaving Jersey City in a special car. He said at Long Branch today that Tammany would have no candidate at the national convention. He said:

"The Tammany Hall delegation is going to the convention with the determination of doing everything it can to help the party to win the fight. Tammany is not selfish. It is not looking for anything. It believes that democracy's success will mean national success, and that means prosperity and good times for everybody. The convention will be composed of intelligent and far seeing men, who are fighting heart and soul for the party. Tammany will fight with them."

"I don't care in what part of the platform the 16 to 1 plank is put so long as it is in the platform. It is a good plank and it came near electing Bryan in 1896. The platform and candidate of the Kansas City convention will be loyally supported by Tammany Hall."

## WALL QUITS POLITICS

Wisconsin National Committeeman Will Retire from Active Party Work.

Milwaukee, June 29.—E. C. Wall yesterday formally withdrew from the candidacy for democratic national committeeman, announced his retirement from politics, gave James M. Clancy of Dane county his proxy as national committeeman, and further said, he would not attend the national convention at Kansas City. Mr. Ryan will therefore be elected to succeed Mr. Wall as national committeeman, probably without opposition. Mr. Wall made this announcement in a letter to Mayor Rose.

We will be pleased to show you a new combination survey and buggy. Two vehicles in one. F. A. Taylor and Co.

## M. G. JEFFRIS TALKS TO SENTINEL MAN

Janesville Attorney Says That Senator Whitehead is an Ideal Man for Governor.

A reporter for The Sentinel interviewed Malcolm G. Jeffris at Milwaukee yesterday, and published the following paragraph:

M. G. Jeffris of Janesville was in the city yesterday on law business. "It looks as if La Follette and his friends have been doing some effective work," remarked Mr. Jeffris. "However, the delegates from a county or two can have but little effect on the general result throughout the state. We are for Whitehead for governor. He is an available candidate and will make a satisfactory governor. From the standpoint of practical politics he is an ideal candidate because he belongs to no faction. He is a man who can bring harmony to the party without a fight."

At 8:30 o'clock last evening at the residence of the officiating clergyman, Rev. W. W. Woodside, occurred the marriage of Miss Etta May Chipman of Footville and Ray S. Bacon, of this city. It was a quiet affair, only the bridal couple, the officiating clergyman and witnesses being present. The bride is one of Footville's highly respected young ladies. The groom is employed at the Janesville Barb Wire Works and is an exemplary young man. Mr. and Mrs. Bacon will reside in this city and will make their home at No. 109 Court street.

## HAY CROP WILL BE PARTIAL FAILURE

REPORTS FROM VARIOUS PORTIONS OF WISCONSIN.

The State Will Fall Considerably from Last Year's Average—Plenty of Rain from Now On Will, However, Make Considerable Difference in the Yield.

Crop reports from various sections of Wisconsin, secured by the mercantile agency of R. G. Dun & Co., through its private correspondents, indicate that this state will fall considerably from last year's average, though it is generally admitted that a sufficiency of rain will make a great difference with every product except hay, which is practically ruined now in a great many districts.

As nearly as can be figured the reduction in the crop of the standard products will be about as follows: Wheat 32 per cent.; oats 30 per cent.; barley 22 per cent.; rye, 24 per cent., and hay 62 per cent. Potatoes will be an average crop as far as any estimate now made indicates, and peas also; while tobacco, in those districts in which it is grown, shows no diminution in yield.

Reports from 30 Counties  
The above facts and conclusions are taken from reports sent in from agents in thirty counties within the last week and which reports are those upon which the agency bases its present estimates of the yield. Letters were sent to correspondents of the agency asking for the "condition of the growing crops in your county and the probable damage, if any, to wheat, oats, barley, rye, hay, potatoes, peas, tobacco, etc., by the drought."

Losses in Rock and Sauk

Hay will be a half crop in Rock county, with oats, barley and rye an average and potatoes fine. Sauk county reports a loss of one-third on oats and hay with potatoes good. Rain will make an improvement, but the hay is beyond recovery.

Sheboygan county reports wheat a one third crop, oats good, but little for shipment, hay none and barley scarce. The peas are good.

Walworth county has had good rains recently and the fruit crop will be an average yield, but hay will fall off 40 per cent, rye 30 per cent., barley and oats 10 per cent. Waukesha county thinks that the failure will be from a third to a half on wheat, oats and hay. Winnebago county says the damage to all crops will be great unless rains come soon. In any case hay will not be more than a half crop and oats the same. From Waupaca the report is that wheat, oats, barley and rye will be about a half crop, hay will fall off 65 per cent., and potatoes 15 per cent.

These are fair illustrations from the total number of reports.

## LOST HEIRESS IS IDENTIFIED.

Young Woman Found in Iowa Is Marion Bybee of San Francisco.

Davenport, Iowa, June 29.—The young woman who wandered into a farmhouse near Le Claire, after drifting about aimlessly in the woods for two days, has been identified as Miss Marion Bybee, heiress to the Dexter estate in San Francisco. Alexander Russell of the Bowers Rubber company of San Francisco has arrived here, having been on a business trip in Chicago, where telegrams from anxious relatives of the girl reached him. When he went out to the Graham farmhouse Miss Bybee greeted him gladly. She seemed fully recovered from her mental trouble and readily agreed to come to Davenport and await the arrival of relatives.

Mrs. L. F. Berry, wife of the general passenger agent of the Davenport, Rock Island & Northwestern road opened her home here to Miss Bybee and she will have the best of care. Late developments confirm the theory that Miss Bybee left her train at Clinton, Iowa, while on her way from New York to San Francisco. Her experiences for several days thereafter are a blank to her, but she is little worse for them.

The Duke of Connaught there joined the party and accompanied his highness to the castle. The procession at Windsor was escorted by life guards, and a detachment of Grenadiers formed a guard of honor in the quadrangle of the castle. The queen received the khedive at the principal entrance.

## THIS DAY IN HISTORY.

1847—Emmanuel Marquis Grouchy, marshal of France under Napoleon, died, born 1765.  
1853—Henry Clay, American statesman, died at Washington; born 1777. Clay was born in Virginia and emigrated to Kentucky after his admittance to the bar. He was then 20 years old. When Kentucky formed her state constitution, Clay advocated the gradual abolition of slavery. One of his greatest speeches in congress, when he served 12 years, favored the recognition of the South American republics.

1861—Elizabeth Barrett Browning, English poet, died in Florence; born in Herefordshire, England, 1806.

1883—General Washington L. Elliott died in San Francisco; born 1821.

1893—Ex-President Peixoto of Brazil died near Rio Janeiro; born 1839. Daniel Cady Eaton, noted botanist of Yale, died in New Haven.

## NOT FOR BRYAN NOW.

Colorado's four delegates to the republican national convention were Senator Wolcott, David H. Moffat, W. S. Stratton and D. R. C. Brown. Senator Wolcott's work for the silver cause is well known and yet he remains within the republican party, governed, as he says, by the will of the majority and other considerations, such as the fundamental differences between the principles of the two parties outside of the financial issue. David H. Moffat is one of the wealthiest mine owners in the West. He was an active republican in 1892 but in the campaign of 1896 his advocacy of the free silver cause led him to the active support of Mr. Bryan and the Chicago platform. His support was not only by word of mouth for he raised for the silver cause a campaign fund of over \$130,000. His party was defeated nationally, though triumphant in the state, so his return to the regular republican ranks is not due to local conditions, but to his belief in the futility of the national issues put forth by the democrats. W. S. Stratton is many times a millionaire, and was also a republican in 1892. In 1896 he joined the silver forces and contributed \$30,000 to the campaign fund for Mr. Bryan. He is now back in the republican party, having fully recovered his political equilibrium, and deprecating his temporary aberration. D. R. C. Brown is another millionaire mining man who has passed through the same political trial as the others. The republicanism of these three men is all the stronger that they have spent a short time in the Bryan camp. They admit they were blinded for the moment by the plausible arguments of the silver leaders, and notwithstanding their enormous interests in silver mines they do not now believe in the free coinage of that metal at a ratio of 16 to 1 by this country alone.

How much influence these men possess in the matter of vote getting it is, of course, difficult to say. They employ many hundreds of miners and mill men. When they advocated the cause of Bryan they undoubtedly took with them to the republican opposition their entire force. How many of these will follow them back into the republican camp is merely a matter of conjecture. All of them will not come, but it is logical to suppose that Moffat, Stratton and Brown will, through their influence, add many votes to the republican ticket this year.

The Milwaukee Sentinel publishes the following interview with Assemblyman Mosher, of Racine county.

Ex-Assemblyman T. H. Mosher of Kneeland, Racine county, also came down to see the Carnival, and, as he expressed it, "to get posted on the political situation." "I have been all through the first district," he said, "and I find that Whitehead has strong support throughout the district. They have said that La Follette will carry that district, or at least part of it, but I cannot see it that way. I believe that Whitehead will have it solid, regardless of the many stories to the contrary."

The Evansville Enterprise takes note of Dr. William Horne's political position, saying:

Dr. Horne, an old time democrat of Janesville, bolts his party to vote for McKinley and Roosevelt, which he says is the strongest and best combination to put up.

Janesville is rife with public spirit these days as is shown by the fact that

everyone is taking an interest in making the Fourth of July celebration "go."

The Whitewater Gazette thinks the First district should stand by Senator Whitehead, saying:

If the newspapers of the First district are at all right in summing up the situation, the district has but one choice for governor and that is Senator Whitehead. The Janesville man has a good record as a senator, and will get all the votes in the district on the first ballot and also on the other ballots. The delegates of the district will stand for John Whitehead.

Governor Roosevelt will take the stump this fall and the biggest halls will be found too small to hold the people who want to hear him speak.

Everyone in Rock county is invited to come to Janesville for the Fourth. Janesville's celebration will be going on after every other town is through.

Stevens Point's "dark and bloody ground" apparently ranks next to Kentucky's.

"Long" Jones is somewhat disfigured, but declares that he is still in the ring.

Mr. Pol I. Tician is also attending the Milwaukee carnival.

## HARVARD LEADS YALE.

Wins Two of the Boat Races Run at New London.

New London, Conn., June 29.—The results of the first two Harvard-Yale races run point to a repetition of the crimson's achievement of last year. The four-oared race, the first to go to Harvard, was won by four lengths. Though Harvard had been expected to win this event, it helped to cheer the men who have been at Red Top mourning the loss of Higginson at stroke.

The result of the freshman eight race was not as certain as the first race, and came as a surprise to many. Everyone is strung up to the limit awaiting the result of the big event, which is now on. The first event was the four-oared race, which was won by Harvard by about four lengths. The time was 12:16½. Yale's time was 12:23. The crews got off, Harvard about 11:52 o'clock and Yale about 11:52:58 o'clock. At 11:43 both shells were at the starting line. William Meikleham, who has acted in the capacity several years, was referee. The official time was: Harvard, 13:22; Yale, 13:25 2-5.

The freshmen eight's two-mile race also was won by Harvard. The crews started at 12:15:52. Harvard got the better start. The race was an exciting one. The mile was done in 5:25, with Harvard leading about a length. Harvard's time at the finish was 11:51 and Yale's 12:13. The official time was: Harvard, 12:01; Yale, 12:19 2-5.

## JAPAN ANGRY AT KOREA.

Roused by Execution of General An and Kwon Young.

Vancouver, B. C., June 29.—According to Oriental advisers the Japanese government is very angry at the secret execution of Gen. An Kyong Su and Kwon Young Chin, former cabinet ministers of the Korean government, and leaders of the progressive party, who were privately strangled in the Seoul prison as traitors the night of May 27. Both were concerned in the plot which culminated in the assassination of Queen Min at Seoul in 1895. For the last four years they had been refugees in Japan, and returned to Korea under the protection of the Japanese minister. Despite this they were tortured into making a full confession, were then beaten and strangled and their bodies exposed as traitors at the big bell and afterward drawn and quartered. The Japanese minister tried to prevent the execution, but was refused audience with the Korean king on account of the latter's alleged illness. All of the Korean officials connected with the death of Kwon and An have been sentenced to transportation and have already been sent into exile, the latter proceeding being an attempt on the part of the Korean king to appease the Japanese government, which had demanded an explanation from Korea. This explanation has been tendered by the Korean minister of foreign affairs, but does not satisfy Japan.

## ARCHDUKE TAKES THE OATH.

Swears to Regard His Coming Marriage as Morganatic.

Vienna, June 28.—The Archduke Franz Ferdinand, the heir to the throne and nephew of the emperor, at the Hofburg today, in the presence of the emperor, archdukes, ministers and state dignitaries, took a formal oath that he and his future wife (the Princess Chotek) will both regard their marriage as morganatic. Consequently his wife will never assume the position of empress and the children by their marriage will never claim the right of succession. The oath was administered with impressive ceremony. Count Goluchowski, the minister of foreign affairs, read the documents. The archduke then advanced to a crucifix on the table and placed his fingers on the Testament which was held by the cardinal archbishop. After taking the oath the archduke signed the documents. The marriage will take place Sunday.

## Russia's Financial Trouble.

London, June 28.—A dispatch from Moscow to the Westminster Gazette says: "The boxer troubles and the death of Count Muraviev have greatly accentuated the difficulties of the financial situation in Russia, which is in such a critical state as to arouse the gravest anxiety. The black list of good firms failing lengthens and the sense of insecurity and fear that some-

thing worse is to come, has caused vast sums to be temporarily withdrawn from the market. In Moscow alone within two months, it is stated on good authority, \$20,000,000 rubles, most of which was previously in currency, has been lodged in the imperial bank, without interest.

## OXYDONOR?

## WHAT IS IT?

In a metal case of small size "Oxydonor" is enclosed. When you retire at night you fasten to your ankle a small attachment that is connected to the "Oxydonor" case by a cord. While you sleep Oxydonor causes the body to drink in the oxygen of the air. Thus it causes disease to be transformed into health and vigorous life. Sounds strange, but fifty local testimonials will prove all and more than we claim for this little wonder. Plenty of local references. No matter what the disease is. Consult me for evidence that is startling.

## CENTER OF THE TOBACCO TRADE

Janesville is Rapidly Forging to the Front in That Line.

## PLAN NEW WAREHOUSE

Sylvester & Son of New York Will Erect a Four Story Brick Building.

## REAL ESTATE DEAL IS CLOSED

A real estate deal was closed this morning whereby Louis Sylvester and son of 165 Front street, New York City, became the owners of the lot on the corner of Academy and Wall streets, just south of the C. & N. W. R. R. tracks.

This property was bought from Adam Holt and lies just north of his hotel property and is fifty-five feet wide by one hundred and eighty-five feet deep. Thirty-two hundred dollars was the amount Mr. Holt received for the property. Mr. H. S. McGiffin of Edgerton, agent for Sylvester & Son conducted the negotiations.

It is the intention of Sylvester & Son to erect at once on the property one of the finest tobacco warehouses in this section of the country. It will be of brick, three stories high with a basement, practically a four story building, complete with every modern improvement, heated by steam and fitted with one of the latest pattern electric elevators, the entire plant including the lot to cost when completed in the neighborhood of fifteen thousand dollars and to have a capacity of eight thousand cases.

The contracts for the new building will be let the early part of next week, the specifications calling for the completion of the building ready for occupancy by October 15th in time to handle this year's crop of tobacco.

The purchase of this property is the outcome of negotiations extending over a period of several months and several places for the location of the warehouse have been examined but for numerous reasons none of them came up to the requirements; the purchase of this property, with its many advantages being centrally located, in close contact with the railroads, which gives it, unexcelled shipping facilities, close to the passenger stations of both roads, and also on the line of the street railway makes it an ideal spot for business of this kind.

That Janesville is rapidly growing as a tobacco center is evident as large tobacco dealers in the east and other points of the country are continually looking for good locations for warehouses in this city. Janesville with its shipping facilities, located in the center of an immense tobacco growing district, should, be second to no city in the west as a tobacco center. If inducements were offered to the large packers of tobacco in the way of locations situated on the line of the railroads or their numerous side tracks there is no reason why a number of prominent packers could not be induced to locate here.

The tobacco business has grown to be one of Janesville's leading industries and should be helped in every possible manner. It gives employment to an immense number of hands, during the packing season and puts thousands of dollars in circulation and helps every business man in the city. Take away our tobacco trade and its loss would be felt by all classes. Every new warehouse means work for more people and more money put in circulation.

H. S. McGiffin, the western agent for Sylvester & Son, is well known to the tobacco trade, and throughout the tobacco growing sections of the state, and is a young man with many social qualities and a large number of friends. At present he holds the responsible position of United States postmaster at Edgerton and on the expiration of his term of office in May next will move his family to this city, where they already have numerous friends. Mr. McGiffin's foreman and family will remove to this city as soon as the warehouse is ready for occupancy.

## CARD PLAYING AND GAMES

## HANDICAP MATCH AGAINST A "BOGEY"

EVENT ON THE BUCKLETON LINKS ON JULY 3 NEXT.

On Tuesday next, July 3rd, on the links of the Mississippi Golf club there will be a handicap match against "Bogey" for a sole leather golf trunk. This will be an extremely interesting match as all players will be given a handicap against a fixed score of 39 or bogey score and not against a scratch player. The handicaps in this match, are taken in the same manner as in match play and can be used only at certain holes fixed by the handicap card. This match must be played off on Tuesday otherwise the entry is forfeited. The following players have already entered:

F. B. Echlin, A. M. Valentine, J. P. Baker, C. P. McLean, S. D. Tolman, C. C. MacLean, Chas. Dunn, F. S. Sheldin, C. J. Myler, H. S. McGillis, George Underhill, O. Sutherland, H. M. The ties, if any, will be played off at a later date to be fixed by the handicap and amusement committee. Those desiring to can hand in their scores made in this match for position on the team. All scores for the team must be played by July 10.

The committee on handicaps and arrangements have under consideration, a plan for holding a tournament in August, open to any player belonging to any organized club in the state. If satisfactory arrangements can be made to get a large entry, a handsome cup, valued at one hundred dollars, will be offered as a prize. A tournament of this kind would be quite an event and would be attended by a large number of crack golfers from all parts of the state.

## NO NEWS IN THE TOBACCO MARKET

Dealers are Enjoying Their Summer Vacation—Work of Planting New Crop Nearly Over.

The market seems entirely barren of any news as far as transactions from first hands are concerned, says the Wisconsin Tobacco Reporter this week. The dealers are in a great measure enjoying their summer vacations and, but little is doing about the warehouses. Reports are that the '99 crop is well along in the sweat, though but little can be known of the result until sampling commences later. The only transaction among the packers coming to notice is the sale of a 70 case lot of '99 by S. B. Heddles to an eastern packer. The work of planting the new crop will be about over by the close of the week. The early set fields are looking nicely, the stand is good and the young plants are making remarkable progress. Rain is again needed but the crop is not suffering as yet.

The shipments out of storage are only moderate, amounting to but 500 cases for the week past from this station to all points. Since last reports about 500 cases of cigar leaf were exported from New York.

## SMITH'S GAME TO BEAT GROCERYMEN

Chief Hogan Today Puts Under Arrest a Stranger from Milwaukee—How He Operated.

Chief of Police Hogan today arrested a stranger, about fifty years of age, giving his name as Henry Smith, and claiming Milwaukee as his home, for obtaining goods from a number of grocery men of this city under false pretenses.

Smith's game was to go into a grocery store and order a bill of goods amounting to several dollars. Among the things ordered would be anywhere from two to six dozen eggs. Smith would tell the groceryman to take the goods to his home and his wife would pay for them when delivered. In every case it was a vacant lot or there would be no such a number. After ordering the goods delivered he would tell the groceryman he was in a hurry for the eggs and would take them with him. When the grocery clerk came to deliver and found no such number they commenced looking for the man with the eggs.

Chief Hogan, found him in a saloon on South River street and placed him in the city lock up. When asked what he did with the eggs he refused to talk or tell what he did with them, but it is thought he sold them and spent the money for whisky. He must have obtained at least twenty dozen eggs as he ordered goods and carried off the eggs at eight different groceries.

## OSTEOPATHY

There are no affections which the Osteopathist can handle more readily than the different forms of stomach and bowel trouble, both acute and chronic.

Any abnormal condition in the stomach or bowels is an indication of an irritation to the nerves controlling their rhythmic action, and a disturbance of function of the stomach will sooner or later affect the bowel, or vice versa.

Constipation is the most common of all disorders, and gives rise to many ailments, for if the bowels of the body be clogged, the whole system must suffer.

There is no such effectual cure as Osteopathy affords.

## WOOLLEY HEADS THE TICKET

Of the National Prohibitionists' Ticket.

## NOMINATED ON FIRST BALLOT

Henry B. Metcalf of Rhode Island Nominated for Vice-President—Woolley's Vote Stood 380 to 320 For Dr. Swallow of Pennsylvania.

Chicago, June 29.—The national prohibition convention nominated John G. Woolley of Illinois for president and Henry B. Metcalf of Rhode Island for vice-president. Mr. Woolley defeated Silas Swallow of Pennsylvania on the first ballot by a vote of 380 to 320. Mr. Metcalf also was nominated on the first ballot, receiving 349 votes to 113 for E. L. Eaton of Iowa and 132 for T. R. Carskadon of West Virginia. Both nominations were made unanimously amid much enthusiasm. After raising \$7,000 for the campaign fund the convention adjourned.

It developed early in the day that the fight for first place on the ticket was between Woolley and Swallow. Just 700 delegates were in their seats when the chairman announced that the roll of states would be called for the placing in nomination candidates for president.

Arkansas yielded to Illinois, and Oliver W. Stewart, chairman of the national committee, took the platform to nominate John G. Woolley for first place. Mr. Stewart said:

"The republican party has renominated the one man in the United States who is to blame for the existence of the army canteen, the man who has committed this country to the imperial expansion of the liquor traffic. The republican party has nominated a man who, by his official conduct, has added thousands of votes to the prohibition party in the last year. In a short time the democratic party will meet in Kansas City and will name as its standard bearer a man who, pretending to be the sworn foe of trusts, monopolies and unholy combinations of wealth, has not dared say a word against the liquor traffic that furnishes the corrupt and purchasable vote by which such combinations keep themselves entrenched in power. This, of all years, is the one in which to convert men to the prohibition party. Give us then a leader of enthusiasm who can stir the hearts of men. Give us a man whose elements of strength have already taken him into the forefront of the fight and made him the most prominent reform orator in America."

Mr. Stewart closed by naming "John G. Woolley of every state." Cheers and Woolley "yells" drowned the last words of the speaker. It was several minutes before the demonstration ended.

H. L. Castle of Pennsylvania presented the name of Dr. Silas Swallow the "fighting parson," of that state. He told of the work of Dr. Swallow for the prohibition party and his assistance to those who opposed the bossism of M. S. Quay. He predicted Pennsylvania would roll up a vote of 300,000 if its favorite son was named by the convention.

The close of his speech was the signal for an attempt to stampede the convention for the eastern candidate. The Pennsylvania delegates mounted on chairs, waving pictures of Swallow and tri-colored pampas plumes. There were cries of "Vote, vote, Swallow!" and for a minute it looked as if the plan to stampede the convention would succeed.

A Woolley delegate jumped to his feet and moved that the convention adjourn until 2 o'clock. A confused cry of "Yeas" and "Nays" greeted the motion. The chairman, who was a Woolley man, put the motion and declared the convention adjourned.

Then the trouble began. Delegates rushed towards the presiding officer, waving pampas plumes and pictures, and there were cries of "Gag rule!" from the Swallow supporters. The chairman read over the rules of the convention and then reversed his decision and the Swallow cohorts cheered.

George W. Gere of Champaign, Ill., presented the name of Hale Pittsburg of Newton, Ill. Homer Castle of Pittsburg named Rev. S. C. Swallow. He said Swallow gave up a nomination for the presidency by the Christian party so that he could have a clear field in the prohibition convention. He told the Christian leaders that he wanted a union of all parties opposed to the liquor traffic. Mr. Castle referred to Swallow's campaign against Quay. His address was punctuated with applause. When Swallow's name was first spoken the red, white and blue pampas plumes sprung up in the Pennsylvania delegation in an instant, and, filling the air, bumped against lithographs of Harrisburg's favorite son.

Editor Ferguson then wanted the convention to adjourn and the motion was carried. For some delegates there was too much doing to go out and eat, and informal votes were taken by the delegates who wanted to stay as those who wanted to leave struggled out.

The vote on the adjournment was so close that a division of the house was called for. This was changed to a ris-

ing vote and the convention voted not to adjourn. Seconding speeches on the presidential nominations were in order.

Before reaching the seconding speeches the roll call of the other states for presidential candidates was called. There were no more nominations, and when the secretary called "Wyoming," a delegate said "Amen." The Swallow men tried to force another adjournment so they could complete organization before the balloting but failed again.

John Hipp of Colorado, in a new linen coat, seconded the nomination of Swallow. He made a point that Swallow would take the Methodist vote from President McKinley.

Mr. Woolley was graduated from Ohio Wesleyan university in 1871 and attended the law school of the University of Michigan the following year. He was admitted to the bar in the supreme court of Illinois in 1873, in the supreme court of Minnesota in 1875 and in the supreme court of the United States in 1886; was city attorney of Paris, Ill., in 1876-77, and state's attorney at Minneapolis, Minn., from 1884 to 1886.

Mr. Woolley is married and has three sons. Henry B. Metcalf of Rhode Island, prohibition nominee for vice-president, was born seventy-one years ago. He is president of the Providence County Savings bank and superintendent of the Sunday school of the Church of Our Father in Pawtucket, R. I. Mr. Metcalf was formerly a Republican, but joined the Prohibition party several years ago and has been prominently identified with that party since. He has been the candidate of his party for governor several times.

## BOER ATTACK FAILED.

British Forces Repulse Burglars in Attack Near Senekal.

London, June 29.—The war office has received a lengthy dispatch from Gen. Roberts, dated Pretoria, June 28. He reports that the British repulsed a Boer attack under Commandants Breyers and Nel on June 26 near Senekal. The British burned the enemy's laager, and lost three killed and twenty-one wounded. There was another successful skirmish at Roodesdrift on June 25.

Parties of Boers still hang on Gen. Buller's flanks. F. R. Burnham, the American scout, is invaluable.

Gen. Baden-Powell at Rustenburg has captured an influential leader named Ray, and has collected 4,000 rifles and 1,000 inferior firearms in a few days.

The farmers in the neighborhood of Pretoria flocked into the city to sell their produce. It was a record market day.

## Charged with Abduction.

Binghamton, N. Y., June 29.—Because he fell in love with his granddaughter and the couple eloped, Frederick Graves of Rockford, Ill., who is connected with one of the best families of that place, is in jail at Delhi. Graves married Mrs. Elizabeth Dean, and at the time of the wedding May Vandebro, Mrs. Dean's 14-year-old granddaughter, lived with her. His attentions aroused the bride's jealousy and she compelled the girl to leave the house. Graves followed her, and the girl's mother, Mrs. Ida Vandebro, discovered the couple had eloped. She caused her stepfather's arrest on the charge of abduction, and he has been held for trial.

## Deadly Snakes Get Loose.

Rochester, N. Y., June 29.—The citizens of Rochester are terrorized through the escape of a box full of snakes during the last night of the snake show held here under the auspices of the Press club. The box contained a collection of choice rattlers, copperheads, adders and a number of non-poisonous reptiles, all of which escaped. A rattlesnake at large in Mrs. Joseph Palmer's yard caused the police on the force considerable worry. Officers Mehle and Greve finally dispatched the reptile, which had nine rattles and measured over seven feet. There are still three rattlers at large.

## BLISS WINS IN MICHIGAN.

Saginaw Man Chosen to Head Republican State Ticket.

## NINETEEN BALLOTS NECESSARY

The Six Candidates for Governor Contested to the Last—Ferry, Who Led in Early Votes, Is Deserted by His Supporters.

Grand Rapids, Mich., June 29.—The republican state convention wound up its work by placing the following ticket in nomination:

For governor, Aaron T. Bliss; for lieutenant-governor, O. W. Robinson; for secretary of state, Fred M. Warner; for treasurer, Daniel McCoy; for auditor, Perry F. Powers; for attorney-general, H. M. Oren; for land commissioner, Edward Wildley; for superintendent of public instruction, Deios Fall; for member board of education, James H. Thompson.

As soon as the nominations for the principal offices were completed a motion to consider the report of the committee on resolutions at once was put and carried. The committee on order of business had left the platform to the last, but many of the delegates must have remained in the city over night, unless they could catch the early trains. In order to permit them to do so the platform was read before nominations for the state board of education were made.

Toward the end of the fight the Ferry leaders were still stubborn, and demanded that the roll call be finished. The Detroit delegates alone cast their votes for Ferry, the few counties which had stood by O'Donnell changing when the final result became apparent.

## First Fight Endless Session.

A game of fistfights enlivened the already tense excitement as Wayne county, in which Detroit is situated, was called. One member rose and announced that the ninety-five votes would follow the others and be recorded for Bliss. But there was apparently some discord in the delegation, for he was dragged back to his seat and another man clamored for recognition. In an instant he, too, was pulled down and two or three men were up. The convention officers were powerless to stop the belligerents and a police sergeant, with a couple of officers, was called. When order was restored a member of the delegation demanded a roll call of the county. It resulted in a unanimous vote for Ferry and was so recorded.

Colonel Bliss has been a candidate for governor at every convention since 1892. He came within fifty-one votes of Pingree's total upon the deciding ballot in 1896. He was a member of the Tenth New York cavalry during the civil war and won his way from private to colonel. He came to Michigan in 1865 and has amassed a comfortable fortune in the lumber business in Saginaw. He has served as congressman from the Eighth Michigan district in the national house of representatives.

## Plot to Murder Governor.

Buckhannon, W. Va., June 29.—Governor George Wesley Atkinson, who is here attending the Epworth league convention, had a narrow escape from receiving personal violence at the hands of displeased citizens. A year ago Valie Bounger of Clarksburg shot and killed Ed Young of this city. Bounger was sent to the penitentiary for seven years. A few weeks ago Governor Atkinson pardoned Bounger. A gentleman heard a dozen men, including Young's father, plotting to seize the governor as he left the league meeting. He is not sure whether the governor was to be gagged and ducked in the river or murdered. A dozen officers escorted the governor to the train. The governor met Young while under police escort and Young gave him a terrible tongue-lashing.

## Canned Corn Kills an Indian.

Danbury, Conn., June 29.—Man-Afrad-of-Hawk, aged 21, a full-blooded Sioux Indian, connected with the Buffalo Bill show, died at the Danbury hospital after a brief illness from inflammation of the stomach. Eagle Bear, another member, is also in a critical condition. A number of other attaches of the show were ill upon their arrival here, but with the exception of the two Indians none of the cases is serious. It is believed the men were made sick by eating canned corn.

## BOWSER IN POLITICS.

HE HAS A VERY LIVELY CAMPAIGN WHILE IT LASTS.

But He Unfortunately Went Against the Principles For Which the Gentlemen of His Ward Stood and Therefore Never Reached the Polls.

(Copyright, 1900, by C. B. Lewis.)  
When Mr. Bowser reached home the other evening, there was an air of importance about him that puzzled Mrs. Bowser. His hat was cocked over on one ear, he swaggered, and he had the general air of a man who carries his wad in his vest pocket. He was ready to answer all questions and pondered why she didn't begin, but she held her peace. Whatever had happened, he couldn't keep it long to himself. He grew more self important as dinner progressed, but it was not until their return to the sitting room that he

"I AM READY TO BE CONGRATULATED," lighted a cigar, thrust his thumbs into his vest holes and with great condescension remarked:  
"Mrs. Bowser, I am ready to be congratulated."  
"Upon what?" she asked.  
"Upon being alderman of the Fourteenth ward."  
"When did that happen? I hadn't heard of any city election being held."  
"No election has been held, but you

MR. BOWSER'S HOME COMING.

are looking at an alderman, just the same. A surprise, isn't it? I thought it would be. How will it sound to hear yourself addressed as 'Mrs. Alderman Bowser'?"  
"So you're gone into politics?" she queried, as she watched him walk up and down with what he thought was a Roman empire gait.  
"I have. I couldn't help it. You know that I have fought for the last 20 years to keep out of politics, but I have had to succumb at last. Yes, Mrs. Bowser, I may be mentioned as having entered the arena of public life."  
"It is very sudden, isn't it?"  
"Well, perhaps, though I have been expecting it for some time. I have seen that our party in this ward lacked cohesion and a leader. I have realized that there was but one man who could lead it to victory."  
"And you are the man?"  
"I am the man, Mrs. Bowser," he replied, as he drew himself up, swelled out his chest and looked to weigh a ton. The family cat came out from under the piano and rubbed against his leg and arched her back and tried to look as big as a barrel.  
"Well, you'll make a donkey of yourself," said Mrs. Bowser, as she turned away.  
"I expected you would say so, of course, and it will not alter my determination. It is alderman this year—mayor next—governor next. I may not stop there. You may some day tread the floors of the White House."  
Mrs. Bowser sighed wearily, while the cat uttered a yowl and made a dive under the lounge. Mr. Bowser walked up and down and blew out great clouds of smoke and looked as near like Richard Croker and George Washington as he knew how. Finding that the argument was at an end, he said:  
"I am going out for a couple of hours. I have to meet the ward committee and arrange matters. If I am not home by 9 o'clock, you can go to bed."  
She made no reply, and he clapped on his hat and passed out. He had arranged to meet the committee at a certain saloon, but he had not yet opened his own gate when a tough looking man who was apparently waiting for him stepped forward and said:  
"Say, old man, have you got a quarter in your clothes?"  
"What?" exclaimed Mr. Bowser.  
"Who are you, sir?"  
"I hang out in Plum street, and I

controls 30 votes. Got to come and see me, old man, if you want to be alderman. I want a quarter now, and we'll arrange about de doodle later on."  
"Sir, there will be no quarter and no doodle! I see now that you are a ward heeler, but don't think you can bleed me. Not a penny, sir!"  
"Den you'll git de flip flop and come down like a house," growled the fellow as he slouched off.  
On the corner a second one was waiting. He put himself in Mr. Bowser's road, and when he had halted him he said:  
"Dis hollerin fur a man is dry work, boss, and de boys want half a dollar to wet der whistles."  
"Another heeler, eh? Well, you tell your crowd to drink water. How dare you block my way?"  
"Den we's got a kicker, has we?" sneered the man as he moved aside.  
"All right, old man! It's de gang what runs dis ward, and de gang will throw you down wid a bang!"  
At the door of the saloon was a group of three. Each one made a grab for a buttonhole as Mr. Bowser came up, and after a feeble cheer the leader asked for \$1 to "wet up" the boys who were waiting a few doors away.  
"Look here!" exclaimed Mr. Bowser as he elbowed them off. "Let me say to you right now and here that this is no lagger beer campaign. There will be no drinking at my expense."  
"Den dere won't be no votin fur you!"  
"All right. Do as you like."  
Mr. Bowser entered the saloon to find the committee waiting. There were also a dozen outsiders. No one had spent any money for beer. Each one had held on to his thirst until the candidate could show up. Every man rose to his feet as Mr. Bowser entered, and the number who lined up at the bar was 21.  
"Is it beer fur de crowd?" asked the saloonist, with a bland smile.  
"I did not come here to buy beer for a crowd," replied Mr. Bowser.  
There was a moment of awful silence, and men turned pale. Then a murmur arose, and half a dozen men began cursing in loud tones. Some one might have laid hands on Mr. Bowser had not the chairman of the committee lifted his hand and his voice and said:  
"It'll be all right, boys. De gent don't exactly catch on, and we've got

# CANCER IS NOT INCURABLE

Time was when Cancer was considered as incurable as leprosy. Physicians and friends could give little relief or encouragement to one afflicted with this terrible disease. Even now doctors know of no remedy for this fearful malady; while admitting it to be a blood disease, they still insist that there is no hope outside of a surgical operation, and advise you to have the Cancer cut out, but at the same time cannot assure you that it will not return. You may cut or draw out the sore, but another will come in its place, for the disease is in the blood—it is deep-seated and destructive, and beyond the reach of the surgeon's knife or caustic, flesh-destroying plasters. The blood must be purified and strengthened, the system relieved of all poisonous, effete matter before the Cancer sore will heal.

S. S. S. is the only medicine that can overcome this powerful and contaminating poison and force it out of the blood. It builds up and invigorates the old, and supplies new, rich, life-giving blood. S. S. S. is a purely vegetable remedy; no mineral can be found in it; the roots and herbs from which it is made contain powerful purifying properties that act directly upon the blood system and make a safe and permanent cure of Cancer. It has cured thousands, why not you?  
Cancer is not always inherited; your family may be free from any taint, yet your blood may become so polluted that a severe and stubborn form of the disease may develop from a sore or ulcer on your tongue or other part of your body; a slight bruise or hurt, a little pimple on the eyelid, lip or nose, a small lump on the jaw or breast, a harmless looking wart or mole, and other causes so insignificant as to attract at once; it will cleanse your blood and prevent the formation of cancerous cells.

Mrs. R. Shiner, La Plata, Mo., writes: "A small pimple came on my jaw about one inch below the ear on the left side of my face. At first it gave me no trouble, and I did not think it was anything serious until the jaw began to swell and became much inflamed. At the same time the sore began to spread and eat into the flesh, and gave me intense pain. I tried everything I could hear of, but nothing did me any good. I then began the use of S. S. S., and after taking several bottles the Cancer healed, and there is now no sign of the disease. This was two years ago, and I am still enjoying perfect health."

Send for our special book on Cancer; it contains much information that will interest you; it is free.  
Write our physicians about your case, and for any advice or information wanted; they have made a life study of Cancer and all blood diseases. We make no charge whatever for this.

Gentlemen:—Our family relies so much from the use of GRAIN-O that I feel I must say a word to induce others to use it. If people are interested in their health and the welfare of their children they will use no other beverage. I have used them all, but GRAIN-O I have found superior to any, for the reason that it is so grain.  
Yours for health,
